## WORK FROM HOME CAN WORK FOR YOU **BE YOUR OWN BOSS** WE'LL HELP YOU SUCCEED!

“ I joined because I loved the kit but didn't plan on holding any Tupperware parties. Shortly after joining, a friend of mine asked if I would do a party for her and I actually said no a few times before saying yes. I didn't know what a Tupperware party looked like or even how to do one. I did an in-home party for her and it was amazing! I ended up booking two more parties that day and that's really how my business got started. As a single mom, it gave me the opportunity to get out of the house, meet new people, spend more time with my kids and make some extra money. I love the home party but now that the business has had to shift to online parties, it's been a real game changer. I started doing online parties a little later than most in my business. I always say that I am not a techy person so it was an adjustment to move my business 100% online. Now, I absolutely love online parties and the opportunities it has given me to grow my business by connecting with people all over the country. ”
