Host orders, samples, and sales aids will be charged based on the **order value**. If their order contains only free Host gifts (thank you gifts/items purchased with Host Credit), they will be charged the minimum shipping fee of \$9.99.

All **awards** must be ordered through your next personal order of at least \$1 or more in other orders, such as samples or sales aids.

Please note that these new shipping rates are effective as of March 31, 2022. This serves as a notice to you that these shipping rates amend any other prior policies and publications regarding freight and shipping fees in the U.S. and Canada, whether published electronically or in printed materials.
